

Ambassador Bridge/Gateway Project

FAST Carrier Meeting
GM Tech Center
October 23, 2007

Connecting neighborhoods

Connecting Economies

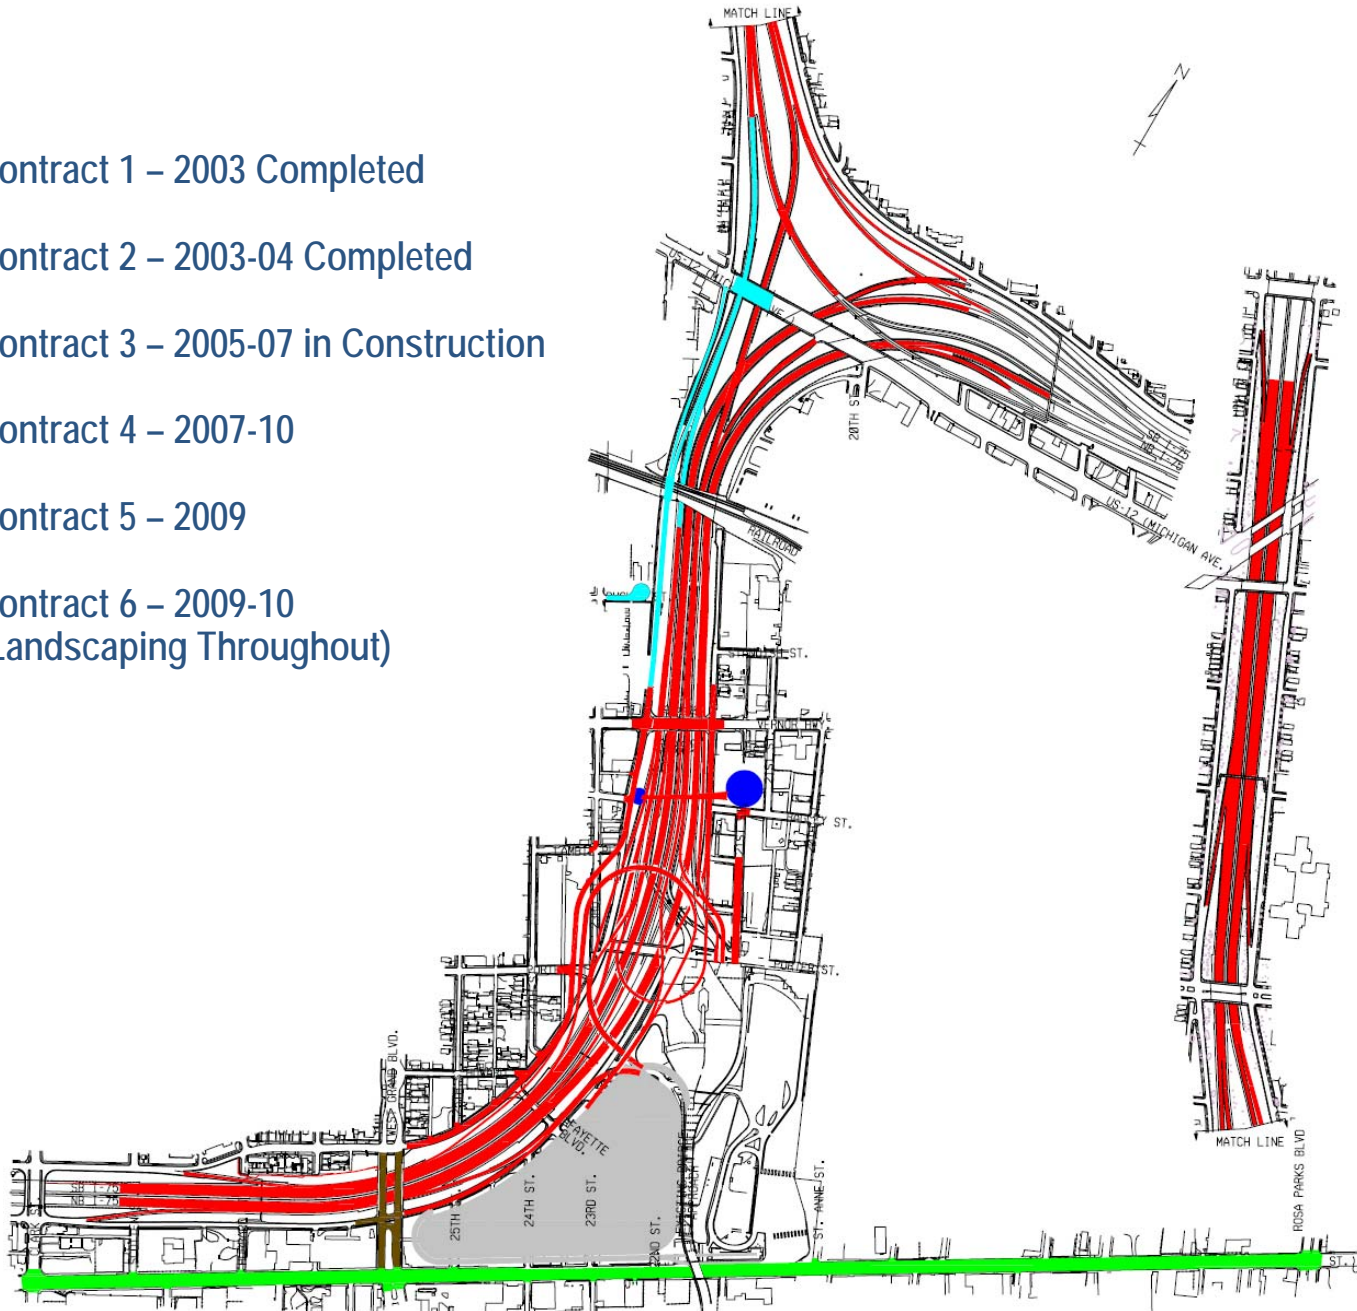

- #1 US-Canada commercial crossing
- 23% of all surface trade between U.S. and Canada
- Major economic development projects
 - Will benefit local community and energize the region's industrial base
 - Represents \$230 Million in local investment

Vital North American Trade Route

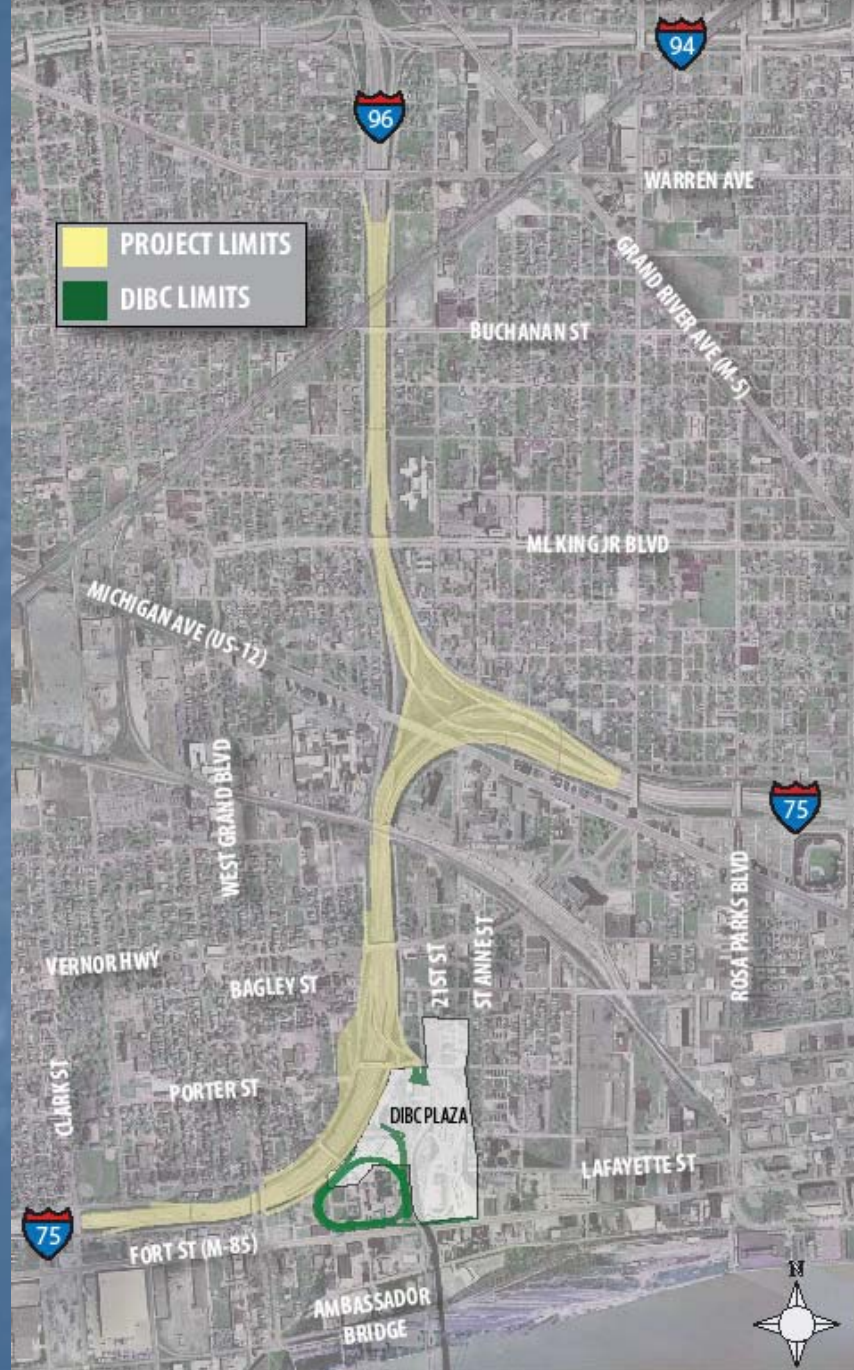

- Project will improve direct access to Michigan's Trunk line System
- Provide access to New International Welcome Center and Mercado
- Will accommodate future border crossing capacity need

Gateway Project – Phased Construction

-  Contract 1 – 2003 Completed
-  Contract 2 – 2003-04 Completed
-  Contract 3 – 2005-07 in Construction
-  Contract 4 – 2007-10
-  Contract 5 – 2009
- Contract 6 – 2009-10
(Landscaping Throughout)
